LITTLE ANGELS
HIGH SCHOOL
Gwalior

ABOUT LAHS

Little Angels High School believes in the messianic words of Baha'u'llah – the Prophet Founder of the Bahá'í Faith from whom it derives inspiration – "All human beings have been created to carry forward an ever-advancing civilization."

The creation of a peaceful global society that fosters both individual and collective well-being is at the heart of the Bahá'í vision of the future and this is what inspired a visionary couple Mrs. Tina and Mr. Sunil Olyai to set-up a school of excellence where children are reared up as responsible citizens of tomorrow who can contribute to human advancement.

In order to translate this vision into a coherent and viable strategy for the future, Tina and Sunil Olyai laid out the foundations of a modest structure in 1990 which has today in a span of 24 years become the most sought after educational institution of Gwalior, a city with its legendary fort, royal remnants and now a dynamic hub of reputed educational institutions of North India.

Mrs. & Mr. Olyai felt that the best contribution one can make towards the advancement of human civilization is to 'truly educate' the citizens of tomorrow. As they believe that "Every child is potentially the light of the world". They are fully dedicated to this mission of quality education.

AN ABODE OF HOLISTIC EDUCATION

LAHS takes education in its completeness. It does not only focus on physical and material education of different sciences and arts but also incorporates systemic and well-integrated moral-spiritual education. We mould children into morally upright citizens of tomorrow who will make their contribution to the advancement of human society because this is the main purpose for which a child is sent in this world by our loving Creator. Evolution is the nature of this transient world and an attribute of the human soul. Everything is expanding and so are we. Little Angels High School believes in the messianic words of Baha'u'llah the Prophet Founder of the Bahai Faith from whom it derives inspiration that "All human beings have been created to carry forward an ever-advancing civilization."

The creation of a peaceful global society that fosters both individual and collective well-being is at the heart of the Bahá'í vision of the future and this is what guides our vision and process of growth. In order to translate this vision into a coherent and viable strategy for the future, the foundations of Little Angels School were laid as back as in 1990 with Playgroup and primary classes, and with a handful of students and teachers. Today it has developed into a High School and one of the most sought after educational institution of Gwalior. Today, the school has strength of nearly 2400 students (including junior section) and a teaching fraternity of 130 (including junior section) well- trained & qualified teachers.

DIRECTOR'S MESSAGE

It's my pleasure and privilege to serve as the Director of Little Angels High School because at LAHS we teach our Each year our students outdo themselves and prove us right by winning numerous Inter Schools, Inter State, National & International Competitions and by getting accepted into the Top Universities like Oxford , Wharton ,Princeton , New York University , IIT, AIMS, BITS Pilani, AFMC, Symbiosis, St. Stephens, Mumbai University, SRCC, Delhi University, IIM's etc. Our Alumni are well placed at Nestle, Facebook, Google, Apple, Survey Monkey, Microsoft, KotakMahendra , American Express, Cisco , IBM , Flipkart, Snapdeal and the list is endless. Many of them are accomplished Cardiologists, Maxillo Facial Surgeons, Army Officers, Ophthalmologists, IITians , Pilots, Scientists, Lawyers, Chartered

Accountants, Bankers, Fashion Designers, Tennis Officials , Models, Financial Analysts and many are also successful startup entrepreneurs. At LAHS our dream does not end with just their academic and professional achievements .Our main objective is to see our students understand, remember and act upon the concept that the world needs not only well-educated and intelligent people, but it needs people who are morally upright and virtuous. We need people who extend their hands to help others and stand to unite the world. I truly want the last two lines of our schools mission statement to remain in the heart and soul of our angelites throughout their lives .

“If a plant is carefully nurtured by a gardener, it will become good, and produce better fruit. Therefore, children must be given a good training from their earliest childhood.”.

This is what we at LAHS are striving to do, Our role is identical to that of a gardener and we strive to perform this role to the best of our ability by nurturing these ‘seeds’ at school so that they bear the “ Best Fruits ” in the years to come.

I am very grateful to each and every member of the LAHS Fraternity, our staff who know very well how to synchronize and harmonize with our process of growth, our students who constantly show by their performance and conduct that it makes a difference to be a student of LAHS and last but not the least our parents whose trust inspires us to move ahead ...!!

Tina Olyai

Director

MESSAGE FROM THE PRINCIPAL

“The function of education is to teach one to think intensively and critically. Intelligence plus character-that is the goal of true education.”

Modern education is all about helping the child to realize and explore his potentialities and latent talents. Our children represent our hopes and dreams. As a parent, you want the best for your child and we are proud to be working with you to ensure that they are given the right knowledge to face future challenges. Our students at L.A.H.S. excel in academics as well as in cultural activities, sports, national and international level and other number of opportunities that allow them to have access to an environment which is healthy as well as competitive.

Value oriented process is crucial for a schools all round developments. Emotional stability of a child plays a very significant role in their healthy growth. In order to achieve this it is very important for our staff to have very good interaction and

one to one rapport with our students. This open and interactive approach also helps in discovering and strengthening the inherent talent of our students.

We are certain that our students of yesterday, today and tomorrow will carry forward the motto of love and unity entrusted in their hands at LAHS. We hope that they will always do well in their academic and personal life and keep up the high values they have learnt at their alma mater.

Dr. Shabana Rehan
Principal

MESSAGE FROM THE HEAD MISTRESS

Pre-primary and Primary education has immense impact on a child's life long learning and achievements.

We strongly believe that a school, in the initial years of schooling, should be a home away from home for the young learners.

Our dedicated team of teachers lives by this belief and strives indefatigably to provide the young learners the best , safest and the most caring learning environment.

At Little Angels High School, each child is valued as a learner with his own strength and needs.

Even as we impart education to match the advancement in technology and globalization, we groom our children with ethos of moral values and principles

bringing forth talented, confident children equipped to face the challenges they are offered, and become worthy members of the society.

Headmistress
Sangeeta Sharma

OUR VISION

L A H S

S T A T E M E N T

"We are dedicated to mould children into world citizens of tomorrow equipped with state-of-the-art knowledge, moral attributes, spiritual insight, dedication and love for the human kind through application of latest educational tools and personality development programmers in frequent collaboration with like-minded institutions. With international teaching standards, a team motivated to perform, and continuous striving towards excellence, we wish to provide an environment that leads to wholesome unfolding of a student's potentials.

OUR MISSION

Little Angels High School aspires of being an institution where all the staff are trained to perform efficiently, where the organizational structure is clear and made up of many departments working together harmoniously, where authorities, responsibilities and accountabilities are well defined, where responsibilities are based on capabilities, where performance is evaluated regularly and all are encouraged to improve, where staff use consultation to solve problems at the appropriate level, where policies are clearly documented and reviewed regularly, where information circulates efficiently, and where good character, unity, punctuality, justice, honesty, truthfulness, dedication, collaboration and spirit of service are core values upheld by all.

Student Council Member

Session 2020-21

**NISHKARSH
TOMAR**

**Incharge
Student Counseling**

Nishkarsh, one of the bright shining jewels of LAHS is a meticulous and diligent student, who puts in optimum involvement and relentless active participation not only on the curricular front, but also in extra-curricular activities with inexhaustible and fluid ease. His perseverance and dedication to excel in whatever he does is stupendous. Not only does he display a superior level of intelligence but also exhibits excellence in his articulate command over the English Language. We are certain he will carve out a fruitful career and a beautiful life for himself with his accomplishments.

RISHIKA JAIN
Incharge Activities

A perfect specimen of a true Angelite. An ardent listener, as well as, eloquent speaker she combines the rare qualities of a dauntless entrepreneur and a most humble student who is perfectly obedient and gives no chance to anyone to feel annoyed. For all skeptics of modern day youth and their much hyped nonchalant attitude, Rishika gives the perfect reason to flip flop their long held beliefs and start taking them with due respect and admiration. Our seamless blessings and good wishes to this extraordinary achiever.

Student Council Member

Session 2020-21

**TANISHA
AGARWAL**

**Incharge
Online and Digital
learning**

Tanisha Agarwal's conscientious and enthusiastic approach has few parallels. Her relentless and indomitable will to carry out the most ticklish tasks with commendable ease and dexterity enables her to perfectly handle academics and co curriculars, simultaneously. And it's not- ifs and buts; either and or, in any of them. In fact, much to our respite, Tanisha has attained impressive heights on both fronts. Tanisha's consistent devotion and loyalty to every cause she's wedded to has earned her the epithet of 'Ms dependable' and why not? Like a night watchman for every team, she knows how to sail safely through a storm.

**BARBIE
AGARWAL**

**Incharge
Technical Support**

Twinkling eyes, ever smiling face and captivating agility are definitely the most discerning features of this budding scientist but Barbie's all rounder personality refuses to get defined within any limits of tagging. Testimony to this fact is her never say die attitude to master and shine out in all pursuits of creativity- be it art, oratory, theatrics, literary compositions and many more. Equally remarkable and astounding is the fact that this wide exposure and attainments on highly acclaimed platforms have not made even a slightest dent to this down to earth individual. She rather continues to march ahead with essential attributes of warmth and compassion.

Student Council Member

Session 2020-21

**AKSHAY
KESHWANI**

**Incharge
Communications**

What a joy to see this rare blend of excellent learner and smart player. Exherting, sweating and staying focused and engrossed during long practice sessions not only delights this sturdy boy; but sharpened his reflexes, provided new vistas of pragmatic wisdom and adorned him with magnificent collaborative skills. All descriptions of Akshay will remain incomplete without a mention of his gifted deep toned voice - 'Bass of LAHS'

KEYA SINGHAL

**Incharge
Innovations &
* *Extension**

Carving out a niche for herself and blazing a trail of success- this is what Keya Singhal is known for. A silent girl, who grabbed everyone's attention as a capability to reckon with. Like every responsible and matured trendsetter- no qualms and complaints; no grudges and blames- has always been a guiding principle with Keya. Equally enterprising are her thoughts and practices when it comes to making tough career choices. Despite coming from a family of doctors, she firmly weighed in favour of of Commerce stream and stunned everyone by her cent percent score in Mathematics. No less ordinary is the fact that this devout learner regularly attends school and credit school's learning ambience for all her accomplishments- footprints to be emulated, we say!!

Student Council Member

Session 2020-21

SUHANI GOYAL

**Incharge
Online Events -
Cultural and
Curricular**

Amidst the ongoing trend of boasting and bragging, is this extraordinarily humble and quiet student of LAHS, whose remarkable achievements are a glaring testimony to her exceptional acumen. Suhani stands tall not only for the applauses and laurels she has brought to her self and her institution, but also because she does all this in the most modest way. Her matchless creativity has shown insatiable thirst to achieve perfection in all aspects of human endeavour. Suhani's enlightening, eclectic and evocative stage performances and elegant and gorgeous dances besides being immensely gratifying, speaks highly about her aesthetic sensibilities too.

**RUDRAKSH
PATHAK**

**Incharge
QC, MUN &
Youth Parliament**

Calm, sober and unassuming-these are only some of the bright characteristic traits which freely gets reflected, when someone comes across a matured and sensible individual like Rudraksha. His cool, methodical and unstressful approach is contagious. Having a graceful smiling face and soothing disposition Rudraksh not only instils confidence but encourages other team members to come out and display their latent talents without any fear or scare. A scholarly bent of mind and a fairly impressive academic record adds yet another feather to his charismatic and versatile persona.

ACADEMIC EXCELLENCE

Academic excellence is something we earnestly focus on and consistently encourage. The School has an Achievers Club for students. Those securing excellent results become a member of Achievers Club, are awarded prizes and their excellence is celebrated. The purpose is to motivate children to excel and taste the delight of confidence when they do academically well. Till now scores of batches of our students have passed X & XII CBSE Board Exams with 100% success and a number of students have obtained cent per cent marks in individual subjects and topped the city on regular basis.

EDUCOMP SMART CLASSES

A digital initiative pioneered by Educomp . Smart class is surely transforming the way the teachers teach and the students learn in school these day. It's a new age technology movement that is fast becoming an imperative for schools. We are certain that very soon it will be introduced in every class and every progressive school in India. Over the last few decades, everything has changed in our lives with the all pervasive intervention of technology.

After introducing Educomp smart classes at the school it has improved teacher effectiveness and productivity in class. It has brought about abstract and difficult curriculum concepts to life inside classrooms, made learning an enjoyable experience for students, improved academic performance of students. It has also enabled teachers to instantly assess and evaluate the learning achieved by their students in class.

OVERALL DEVELOPMENT OF STUDENTS

LAHS has been a 'member of the old guard' of some most active and vibrant scholastic Facilities of India and abroad designed to expose the children to wider horizons of knowledge and talent explosion. LAHS students have participated in a number of national and international events such as MODEL WORLD PARLIAMENT, MACFAIR INTERNATIONAL, INTERNATIONAL QUALITY CIRCLE, NATIONAL SCIENCE OLYMPIAD, MATHS OLYMPIAD, ALL ASIA BOURNVITA QUIZ CONTEST, NATIONAL TALENT SEARCH CONTEST, GEOFEST INTERNATIONAL, NATIONAL DEBATES, CYBER OLYMPIAD, SCIENCE OLYMPIADS, MATHS OLYMPIADS, ROBOTICS, TECHNATHALON, CELESTA, REFLECTIONS, CBSE SPORTS CLUSTER MEETS, INTACH QUIZ, HERITAGE QUIZ, ROBOTICS, ALL INDIA QUIZ LEAGUE etc.

FACULTY

Teachers are the very foundation on which the entire edifice of a great school rests. They are like divine gardeners who trim the unwanted shoots and foster the growth of the tender plants named children. Regular motivation and training of teachers is an ongoing phenomenon at LAHS.

These include sending the teachers to attend important seminars and symposiums all over India and abroad and arranging for them special in-house training in language skills, computer, problem solving, spiritual empowerment by experts in the specific fields from time to time.

An internal motivational bulletin The Mentor is published regularly to keep teachers focused on their role and bring out their hidden potentials. LAHS teachers are widely travelled professionals who have visited NASA Space Station and have seen the spectrum of life in Turkey, Malaysia, Mauritius, Nepal, USA, UK, Sri Lanka, Singapore and visited many other countries.

JUNIOR YOUTH EMPOWERMENT PROGRAM

For Little Angels High School, moral training of children is a serious concern. To this effect, a special junior youth program is destined to go a long way. Junior youth differ from small children in many ways with their special mental and intellectual needs. The main aim of the Junior Youth Empowerment Programme (JYEP) is to empower the young students to understand the purpose of life and to become conscious participants in the process of their own growth and development and offer a worthwhile contribution to the advancement of human civilization - a noble goal for which each individual has been sent upon this earth.

To attain this goal, LAHS Junior Youth Empowerment Program focuses on certain objectives, such as enhancing the language skills and the power of expression of children of middle school level, to prepare young students to approach the investigation of physical, social and spiritual reality in a scientific manner. It is an interactive program for junior youth which uses open methods to engage our adolescents in a conscious effort to explore the truth and analyze the constructive and destructive forces operating in society and to recognize the influence these forces exert on their thoughts and actions, sharpening their spiritual perception, enhancing their powers of expression and reinforcing moral structures that will serve them throughout their lives. There is a full-fledged dedicated faculty assisting children in this process of empowerment.

CAREER COUNSELLING

Providing education to a child does not simply mean 'minting' him or her into a graduate and then leaving them alone on the pathway of life. Students need the right guidance for choosing a befitting career matching with their aptitude and caliber. Little Angels High School has a

dedicated full time counselor. The counselor not only helps the students analyze their mental inclinations and areas of interest but also identifies their psycho-moral strong or weak points by conducting numerous psychometric tests for the students on a regular basis.

In addition, the school regularly invites veteran professionals and alumni from all the walks of life to conduct interactive session with the students in which they can have in- depth understanding about a certain career.

SPORTS

Sports are an integral part of holistic education. We cannot imagine the lives of our children without games and sports. Children do not only enjoy sports but they even learn the most valuable lessons of life, such as courage, patience, tolerance, team spirit and discipline. At LAHS, games and sports occupy an important place

in students' lives. We are proud that we have one of the best and most well-furnished Sports Wing in Gwalior with copious play grounds for outdoor games and ample spaces for indoor games of all sorts. LAHS sports facilities incorporate all major sports and physical Facilities such as LAHS has a full-fledged Sports Department with the most talented coaches and faculties specialized in their respective games. A specific feature is our Morning coaching program conducted throughout the year by the specialized coaches and LAHS sports teachers. This

specialized training facility is free of cost for our selected students who are picked up from home by school buses early in the morning and brought to school for exclusive training. There are 18 dedicated Sports teachers at our school -- all very well qualified and specialized in respective Games.

SOCIAL SERVICES PROJECTS

“Every human is born to carry forward an ever-advancing civilization”, said Baha'u'llah, the Founder of Baha'i Faith. The same ideology has since long been maintained in our Vedic culture which emphasizes that “Sarve Bhavantu Sukhinah” (Let each soul be happy).

Serving people and making them happy is not just a blank ideology for us. We translate it through our acts of kindness. The aspects of Social Service Projects are well integrated with our Junior Youth Empowerment Program (JYEP) because we believe that good knowledge is useless without good action.

The spiritual empowerment our children gain at the school campus is further implemented into active involvement with these children with special needs who require a helping hand and, above all, true love from all of us. Our students collaborate with a number of humanitarian organizations. To name a few of them, they have a good rapport with ATMA JYOTI, a hostel for visually challenged girls. LAHS children help them in many ways including writing their examination papers as these visually challenged girls cannot do so on their own.. Our students also extend a helping hand to AMAR JYOTI children who are physically challenged and ROSHNI, the rehabilitation centre for people with cerebral palsy.

LAHS students frequently visit these institutions to mix up with these boys and girls with special needs, distribute sweets and fruit, spend their quality time with them, play with them and do many things to make them feel that they are useful members of our human society who can contribute to its upliftment. These associations have created a sense of value in the hearts of these children. Many of these physically challenged children set up their stalls every year at LAHS and sell out handicrafts made by hand. This effort has improved their self-esteem and also contributed to their economic advancement.

SAVING THE ECOLOGY

This small but beautiful world the Earth is the only home where humankind lives...the only peaceful lap of our common Mother. Yet, this 'mother' is now trapped in the claws of the cruel giants who are depleting its resources and scorching its face with global warming. LAHS children contribute their humble mite in saving the earth for the future generation.

LAHS has a vibrant Eco Club of students actively exerting value-oriented efforts for a safer atmosphere by tree-planting campaign and creating awareness towards the three R's (Reduce, Reuse, Recycle).

LAHS declared itself a completely POLYBAG FREE ZONE more than 10 years ago when most schools did not even think about the hazardous impacts of polythene.

Little Angels High School pays its homage to Nature by spending a considerable budget on its beautiful gardens one of the Best Gardens in Gwalior having received Excellence Awards from Dainik Bhaskar for three years consecutively.

EDUCATIONAL EXCURSIONS

According to a well-known proverb: “Knowledge without travel is like a boat on dry land”. Our mind becomes static and confined by seeing the same people daily and following the same lifestyle with each sunrise. When we visit new places and meet new people, it casts an abiding impact on our minds. A physical journey promotes a 'mental journey' into novel thoughts and nascent ideas. Educational excursions have, therefore, been an intrinsic element of LAHS

education. Every year in December, when most of India is enjoying pleasant winter inviting people to bask in its golden sunlight, our sneakers go on board to places of endless charms like the students in the famous

book of Hermann Hesse Narcissus and Goldmund. LAHS students' excursion trips have measured the nooks and corners of India. Ask them any place from the northern tip of India such as Jammu & Kashmir to the utmost south at Kanyakumari, and from Kolkata in east to Goa in west, and they will tell you all about their culture and cuisine, languages and traditions, religions and beliefs, everything. Our children have visited a number of international venues as well, such as Kennedy Space Centre and NASA in America, and are widely travelled young citizens who have been exposed to the vibrant ambiances of

Mauritius, Nepal, Turkey, U.K., and a number of other countries. In this way, they have been able to realize the Vedic vision of “Vasudhaiva Kutumbakam”, reiterated by Baha'u'llah that: “This earth is but one country and mankind its citizens”.

INFRASTRUCTURE

A school is not just a brick-n-wall structure made up of class rooms. Life is added to education by providing children state-of-the-art facilities which include:

Computers

The Computer Wing also includes separate Multimedia Library with scores of educational CDs. At LAHS, computer-literacy is almost an essential aspect of educational empowerment and all teachers and students have access to computers which are networked and internet-equipped. There is a good computer-student ratio to enable this access to each and all. The entire campus is Wi-Fi enabled.

Library

LAHS has a vast library with a wide range of books on literature, science, geography, history, fiction, general knowledge, etc. LAHS Library has been the proud recipient of the BEST LIBRARY NATIONAL AWARD in the past. A separate section in the library for teachers is an added facility.

Laboratories

The School has well-equipped Laboratories for all disciplines of Science.

Music

LAHS has a full-fledged Art, Dance, and Music section not only with the most capable and trained maestros in these fields to train students but also some of the finest and most modern and state of the art instruments including a whole range of orchestra and an open air theatre which buzzes with activities all the year round.

Art

Dance

Conclusion

Little Angels believes that we all are in a continuous process of learning. The past leads to the present and the present to the future. Thus, we believe in learning from the past lessons, optimizing the present opportunities and keeping a constant vision of an optimistic and evolutionary future. We are on a continuous journey to excellence and this journey never ends.
